## Superintendent's Corner

The first Merger Feasibility Study Committee Meeting occurred on October 18, 2023, at the Johnsburg Central School District. The committee comprises teachers, school staff, students, community members, and parents from the Johnsburg Central and Minerva Central School Districts, for a total of twenty members.

They discussed the role of the Feasibility Study Committee, which is to check facts and assumptions of the CASDA Consultants, provide local knowledge, problem-solve as a “Committee of the Whole,” review work of any sub-committees, make recommendations to the Boards of Education prior to the next School Board vote in each of the districts. This information will also be shared with the public before the straw vote and serve as a source of and conduit for public information.

The meeting discussed the options for school organization. They discussed why districts reorganize, for example, larger student/tax base, more resources through reorganization incentive operating aid, more educational programs, more support services, and more opportunities. Reorganization incentive building aid can provide an opportunity to upgrade and improve buildings, grounds, and other school facilities.

The main focus of the first meeting was a discussion of enrollment trends and projections and current staffing at both districts. As most people know, enrollment in each district has declined over the last several years/decades.

The next meeting will be at Minerva Central School on November 1, 2023. The topic will be financial data. The third of four meetings will take place on November 29, 2023, at Johnsburg Central School and will cover the topic of curriculum and instruction. The public is encouraged to attend all meetings.

CASDA and the districts will also organize several focus groups of community members, students, teachers, staff, and parents. These groups will delve deeper into various topics. These meetings will be another opportunity for public input. Each district will hold its own focus group meetings. The schedule for Johnsburg’s focus groups is as follows:

## Principal's Message

### Veterans' Day

There will be no school on Friday, November 10th in honor of Veterans' Day, Saturday, November 11th.

### Reunification Drill 11/9

Johnsburg Central School will conduct a reunification drill on Thursday, November 9th. Following a lock down drill, students will be escorted by JCS staff to Tannery Pond. Roads will be blocked off for safety. Once at Tannery Pond, attendance will be taken and an early dismissal will begin. Students that ride buses will be dismissed first at approximately 1:45. After buses have departed, students that are being picked up will be released at approximately 2:00. If you are picking up a student, you should park on Peaceful Valley Extension Road and wait to be directed to Tannery Pond. Students being picked up must be signed out by a person listed in a students' contact. The

student pick up process will be used as an opportunity for our staff to utilize our release procedures that would be used during an actual emergency situation. Thank you in advance for your cooperation in making our drill run smoothly. There will be no after school activities on November 9th.

### Soccerfest

JCS held their annual Soccerfest event on October 13th & 14th. Students in grades K-12 had a fun-filled weekend of soccer. Thank you to everyone who came out to support the Johnsburg-Minerva athletes. Thank you, Phil Goodman (33 years) and Gene "Geno" Maiorana (24 years), for your dedication and service to coaching at JCS.

## JCSTA Scholarship Recognition Assembly

The Johnsburg Central School Teachers Association was pleased to host the annual Scholarship Recognition Assembly on September 28 to highlight students' academic achievement during the 2022-2023 school year. This year's speaker was **Mr. Stan Williford**. An impressive nineteen students were recognized for achieving a score of 90 or above on their June Regents exams.

In addition, Scholarship J letters and pins were awarded to students in grades 9 – 12 who earned an 85 or higher final mark in each subject for the 2022-2023 school year. First time recipients are awarded a blue scholarship letter J. In subsequent years, an honoree receives a lamp of knowledge pin to attach to the scholarship J. Last year's seniors were honored at graduation. The students honored at the September assembly included:

**11th Grade Achievement:** Melissa Bibby, Everett Parker, Cole Sears

**10th Grade Achievement:** Vasanti Collins, Ellington Morin, Tristin Secor

**9th Grade Achievement:** Alissa Bennett, Hannah Sharp, Lexi Sharp

JCSTA President, Kim McKenna, Vasanti Collins, Alyssa Bennett. Front Row: Tristin Secor, Lexi Sharp, and Hannah Sharp.

Congratulations to all of our Soccer Teams on their terrific seasons! We would like to thank everyone who came out to support our student-athletes. We also appreciate all the hard work that went into making our soccerfest weekend a success and all the alumni who turned out to play in the alumni game.

As the weather is shifting, so is our focus on sports. Winter sports will begin on November 13th. Students must have physicals completed in order to practice on the 13th. Please see Coach Pierson if you are interested in playing either Basketball or Nordic.

We are also in the process of setting up our elementary basketball program. If anyone is interested in coaching or volunteering with elementary basketball at any age group/level, please contact Allison Gonyo at [agonyo@johnsburgcsd.org](mailto:agonyo@johnsburgcsd.org). We are looking for coaches who will encourage sportsmanship, teamwork and work to develop basketball skills at the elementary level.

As the weather begins to get colder, we want to remind everyone that it is very important for your kids to be prepared for their PE classes. We will still be looking to take the students outside from time to time. Please have your child prepared with a warm coat and/or sweatshirt and winter hat and gloves for this fall season.

Our lower elementary physical education program has been working on locomotor skills such as skipping, hopping, jumping, galloping, and running. They have been practicing how to move around safely in large and small areas. Our upper elementary, middle, and high school students have recently completed a handball unit as well as doing the mile run a couple of times! We are very pleased with the effort we saw from all the students with the mile run! Please encourage your child(ren) to be active outside of school and PE as well.

Coach Pierson and Coach Gonyo want to thank all the students for their continued hard work in all of our classes! GO JAGS!

- Student-athletes need an up-to-date (within 12 months of the start of the school year) physical on file in order to start any winter sport.
- Please remember students cannot carry any medications, even over-the-counter (OTC) meds such as ibuprofen (Motrin/Advil) or acetaminophen (Tylenol), without a doctor's order.
- If a student goes on an overnight field trip, they need orders to carry any medications (prescription or OTC). Being proactive with obtaining orders is highly recommended.
- Please communicate any new or ongoing medical conditions with me throughout the year. Keeping me in the loop helps keep your child safe and healthy while at school.
- If you have been contacted regarding vision or hearing screenings, please let me know when you have scheduled appointments.
